

For Immediate Release

### **Atlas to Exhibit at Manitoba Water and Wastewater (MWWA) Conference March 2009**

February 17, 2009 -- [Atlas Inspection Technologies](#), a leading provider of remote visual inspection equipment and services will be exhibiting at this year's MWWA Conference March 22 – 25, 2009 at the Keystone Center – Canad Inn, in Brandon, MB.

Sales rep Jack Saltarelli, will be manning the Atlas booth (#7) and will have on hand several pieces of equipment key to the inspection and maintenance of water and waste water assets. Visitors will have the opportunity to demo several Insight Vision products including a micro push camera, Insight Vision [DX-300-CVSL Digital Xpress Camera Inspection System](#) and a [Jet Cam system](#). Along with being a [Certified Repair Station](#) for Insight Vision products, Atlas also repairs all other makes and models of borescope and pipe inspection equipment.

For those who are interested in Atlas' rentals program or field inspection services, Jack will offer applications assistance, answer questions on Atlas's products and services and will have literature available. Visitors may enter their business cards for the drawing of a Wenger leather zip portfolio which will follow the end of the show (need not be present to win).

This year marks the MWWA's 55th annual conference and trade Show "dedicated to the stewardship of the environment and public health". The 2009 theme is "Planning for the Future" and the schedule of events will include operator certification exams, the annual general meeting, and numerous sessions including many on topics of interest to users of borescope and pipe inspection equipment and services including *Pump and System Interaction*, *Maintenance Tasks in a Typical High Pressure Membrane Water Treatment Plant*, *Emergency Planning for Water Utilities in Manitoba*, and *Maintenance and Troubleshooting of Submersible Pumps*. For a complete list of events, visit the [MWWA website Schedule of Events page](#). In addition this year's venue will include awards, a banquet, entertainment by Platinum, a Texas Hold'em Poker Tournament, and tours of the Alexander Water Plant, and Membrane Bypass Plants. To register for this year's conference and tradeshow visit the [MWWA website](#).

Atlas Inspection Technologies offers products and services for the remote visual inspection industry including rentals, sales, on-site repairs, off-site repairs, and field inspections. Borescopes, fiberscopes, videoscopes, XRF analyzers for positive material identification, infrared cameras, infrared IR windows and pipe inspection systems including push cameras, pole cameras, and robotic pipe crawlers are available.
